”

## Awarded Items Korea Forest Service Competition for Export Promising Wood Products

The “Contest to Identify Producers of Forest Goods with Export Potential,” begun in 2016 and hosted by the Korea Forest Service (KFS) and organized by the Korea Forestry Promotion Institute, celebrates its eighth year this year. This year's contest was designed to identify excellent South Korean producers of producing wood products and assist with their advancement overseas. Candidates were first selected through document screening, and then were visited by a jury of specialists and people from the KFS and other relevant agencies to select and award the one finalists.
