”

### Awarded Items Korea Forest Service Competition for Export Promising Wood Products

Starting with the first competition in 2016, the event was held again in August this year. The "2021 Korea Forest Service Competition for export promising Wood products" was hosted by the Korea Forestry Service (KFS), organized by the Korea Forestry Promotion Institute (KOFPI). The competition was held to identify outstanding companies producing wood Products in Korea, and support their entry into overseas markets. After on-site evaluation, ultimately, 1 company was chosen as Wood products with high export potential.

Honest, Uncompromising, and Unique

**OLGODA**

“

UNID operates two divisions: the Chemical Division, which is in charge of manufacturing and selling basic inorganic chemical materials, and the Board Division, which manufactures and sells medium-density fiberboard (MDF)

World-class technology and unparalleled quality competitiveness drive UNID's continued growth. UNID's products are widely used and respected in the industry and building a strong brand reputation. Based on this solid foundation, UNID's flooring brand, OLGODA is making a name for itself as both a high-quality product and a brand that works to build a lifelong relationship with its customers.

Honest, Uncompromising, and Unique

## OLGODA

OLGODA Flooring represents UNID's philosophy of genuine quality, unique product features, and its corporate culture that values honesty and wellness across its entire product pipeline. OLGODA represents commitment to safety you can rely on.

### Product Information

- **Main materials**

Korean Pine

- **Advantages**

All OLGODA products contain OL-core, a new material independently developed by UNID. OL-core features resists moisture and retains its hardness for a long time, therefore, perfectly suited for producing super durable hardwood flooring. OLGODA is made of safe and eco-friendly materials designed to create an environment of health and wellness in your home.

- **Product lineup**

**OLGODA Solid** : Made of only OL-core, Solid has superb durability. Solid features diverse styles and plank width options – such as herringbone patterns and the wide plank Magnum flooring size.

**OLGODA Balance** : The ideal ratio of OL-core and humidity resistant plywood, Balance offers durable surface and remarkably humidity resistant.

**OLGODA Groove** : The detailed reproduction of wood grain and knots give Groove an incomparably natural and soothing look.

**OLGODA Signature** : The genuine wood veneer makes the flooring authentically natural to the touch. The ultra-wide plank option further adds a feeling of an airy, open space.

**OLGODA Roca** : Roca comes in an elegant marble tile version, for which the oversized dimensions version(4X) is strongly recommended.

- **Country of origin** : Gunsan City, Republic of Korea
